Your rights.
Data protection law provides you with rights in respect of Personal Data that we hold about you, including the right to request a copy of the Personal Data, request that we rectify, restrict or delete your Personal Data, object to profiling and unsubscribe from marketing communications.
If you have a complaint about how we handle your Personal Data, please get in touch with us R-bies, Inc. (2-1-2, Jinguumae, Shibuya-ku, Tokyo) privacy@runnet.co.jp to explain. If you are not happy with how we have attempted to resolve your complaint, you may contact the relevant data protection authority.
RUNNET GLOBAL as a data controller and a data processor
EU data protection law makes a distinction between organizations that process Personal Data for their own purposes (known as "data controllers") and organizations that process personal data on behalf of other organizations (known as "data processors"). If you have a question or complaint about how your Personal Data is handled, these should always be directed to the relevant data controller since they are the ones with primary responsibility for your Personal Data.
RUNNET GLOBAL may act as either a data controller or a data processor in respect of your Personal Data, depending on the circumstances.
For example, if you create an account with us to organize your events, RUNNET GLOBAL will be a data controller in respect of the Personal Data that you provide as part of your account. We will also be a data controller of the Personal Data that we have obtained about the use of the Applications or RUNNET GLOBAL Properties, which could relate to Organizers or Consumers. We use this to conduct research and analysis to help better understand and serve Users of the Services as well as to improve our platform and provide you with more targeted recommendations about events we think may be of interest to you.
However, if you register for an event as a Consumer, we will process your Personal Data to help administer that event on behalf of the Organizer (for example, sending confirmation, promotional and feedback emails, processing payments, etc.) and to help the Organizer target, understand and improve the success of their event and event planning (for example, providing event reports, using analytics to gain insights into the effectiveness of various sales channels, etc.). In these circumstances, RUNNET GLOBAL will be a data processor of the Personal Data to request on registration forms, nor is it responsible for the continued accuracy any Personal Data provided. Any questions that you may have relating to your Personal Data and your rights under applicable data protection law should therefore be directed to the Organizer as the data controller, not to RUNNET GLOBAL.
